About NSRCC Memberships

Q: Who can apply for the membership (New)?

A1: Ordinary Membership (OM) - Any person who are serving or have completed full-time National Service and who has NS liability at the time of application may apply for Ordinary Membership up to a maximum of 20 years.

A2: Ordinary Membership (Basic) - OMB - Any person who are serving or have completed full-time National Service and who has NS liability at the time of application may apply.
Associate Membership (Basic) - AMB - Any person who has completed his NS liability at the time of application may apply.

Q: Why is there a difference in prices between active NS men and those who have completed their NS liability i.e. Ordinary and Associate?

A: The mission of the Club since its inception is to provide recreational, sporting, competition and social facilities for persons who have completed full-time National Service (NS) and who are rendering reserve service under the Enlistment Act, Cap. 93, i.e. Operationally-Ready Nsmen.

However, more and more ex-NSmen, i.e. those who have completed their NS liability has been expressing interest to become members of NSRCC. Hence, with this group of people in mind, the Club reviewed its guidelines and introduced the Associate Membership in August 2002.

The Club needs to ensure that there would always be membership priority for new generations of NSmen in spite of our limited capacity especially in terms of golfing. Each year, there are between 15,000 and 18,000 Singaporean males beginning their NS obligation. The price differentiation, together with a limit on the membership term, allows us to regulate membership inflows so as to make sure that newer generations of NSmen will have a sure chance of getting a membership.

Nevertheless, Associate Members and Ordinary Members would still enjoy the same membership privileges.

Q: What is the difference between Ordinary / Associate and Basic Membership?

A: Basic Members will be able to enjoy full access to the resort's social facilities, including the Executive Par 3 Course and Driving Range, at all times. However, they will be able to make bookings at SAFRA Resort's 27-holes and Kranji Sanctuary Golf Course's 18 holes on weekdays (excl. public holidays) only. Basic Members' golfing privileges during weekends and public holidays would be equivalent to guests, such as paying green fees at *SAFRA Members' rate, signed in by Ordinary / Associate Members, and they can only play during sessions which guests are allowed. By the same token, Basic Members will not be able to serve in Greens / Handicap Committee and will not be able to participate in golf tournaments / events held on weekends / public holidays, but will be able to do so if the tournaments are open to the public (non-member's rate applies). Basic Members are entitled to golf in our affiliated clubs on weekdays only.

Ordinary / Associate Members will enjoy full access to the resort's golfing and social facilities at all times.

Please refer to the Club's Bye-laws for terms and conditions of Ordinary / Associate and Basic Membership. The Bye-laws booklet can be obtained from the Golfing and Main Lobby Receptions as well as the Membership Centre. Alternatively, you may download it from the Club website at www.esrcc.com.sg/download/index.html.

*Visitor's rate will apply to Family Members.

However, exception is given to members to transfer the balance of his membership term to his son who is a Full-Time National Serviceman or an existing Operationally Ready NSman (has NS liability). The transfer fee is 10% of the prevailing entrance fee for the remaining membership term.

Q: Can I renew / extend my membership when it expires?

A1: Yes, Ordinary Members may renew / extend their membership term up to *maximum term of 20 years provided they are still NS liable. Ordinary Members who have completed their NS liability may extend their membership under the Associate Membership category. The *total membership term, including previous Ordinary Membership term, cannot exceed 20 years. Associate Members may extend their Associate Membership up to *maximum term of 20 years, including any previous Ordinary Membership term.

*maximum / total membership = current (old) membership + new membership term
